

Request under Freedom of Information Act 2000 – our ref: FOI 19/20_455

I write in response to your request under the Freedom of Information (FOI) Act.

I confirm that the Trust holds the information you requested. Please see the replies, set out against your questions, below:

1. For each of the last three calendar years (2019, 2018, 2017), please provide a monthly list of the chief complaints for patients admitted to A&E, broken down by:

- The name of the chief complaint.
- The number of patients admitted to A&E for each chief complaint.
- The number of male patients admitted for each chief complaint.
- The number of female patients admitted for each chief complaint.

Please note that the Chief Complaint is the presenting symptom rather than the primary diagnosis. Please see the image below, which is data from a similar FOI request from 2017, to understand how I would like the data interpreted.
