Do you want to say thank you to a member of TeamNGH who you think has gone above and beyond what might be expected of them?

Everyone who works in a hospital makes a difference. The NGH Everyday Hero Award has been created to recognise exceptional members of TeamNGH who have demonstrated compassionate care and thoughtfulness, which goes above and beyond the usual within their role.

The Everyday Hero Award is open to both clinical and non-clinical staff who are not nurses or midwives – they are recognised through the DAISY Award.

Not all heroes wear capes! – Let us know about your Everyday Hero

At NGH we believe it's important to recognise members of TeamNGH who make a difference either to our patients or to their colleagues. Our Everyday Hero Awards are for our non-nursing and midwifery team members of TeamNGH who work in a clinical or non-clinical role, in a patient-facing or supporting role. Awards are presented to individuals in their area of work, to ensure colleagues are also able to join the celebrations.

Who can I nominate?

This award is for anyone who has made a real difference. Here are some suggestions on who you could nominate: doctors, pharmacists, therapists, radiologists, theatre practitioners, healthcare assistants, ward hostesses and clerks, volunteers, porters, cleaners, security, admin and reception staff, IT, HR, finance and governance team members, estates and facilities, catering, phlebotomists, microbiologists and pathologists – to name a few!

If you would like to nominate a nurse or midwife, please submit a nomination using the Daisy Award nomination form.

Name of individual you are nominating (please use block capitals):
